HR Policy: Leave and Absence Management

Document ID: HR-POL-04 Version: 2.1 Applies to: all hourly cleaning and checking staff

1. Leave categories

Staff may request leave under the following categories: sick leave, personal leave, family emergency leave, and unpaid leave. Sick leave for a single day does not require a doctor's note; absences of 3 or more consecutive days require documentation.

2. Notice requirements

Personal leave must be requested at least 48 hours in advance through the supervisor. Sick leave and family emergencies may be reported on the day of absence but must be logged in the app before the end of the shift.

3. Approval authority

Hotel supervisors can approve leave requests of up to 3 consecutive days for staff at their hotel. Leave requests longer than 3 days, or any request that would leave a hotel below 80% of its rostered cleaning headcount for the day, must be escalated to the head of supervisors for approval.

4. Absenteeism monitoring

A worker with an unplanned absence rate above 8% over a rolling 30-day window is flagged automatically for supervisor review. Three or more unplanned absences in a single month should trigger a documented conversation between the supervisor and the worker.

5. Attendance and pay

Unapproved absences are unpaid and are recorded as 'absent' in the shift log. Approved sick and personal leave up to the annual allowance is paid at the worker's standard hourly rate.
